The
Genuine
Choice

Keep your equipment running the way it was meant to.

AGCO Parts delivers dependability you can rely on with the productivity you've come to expect. We supply the genuine parts and accessories that were designed, tested, and engineered by the same people who built the original branded equipment: AGCO Corporation.

Your AGCO dealer offers a complete line of genuine AGCO replacement parts and accessories to support all of the AGCO brands, as well as additional offerings for competitive makes and models.

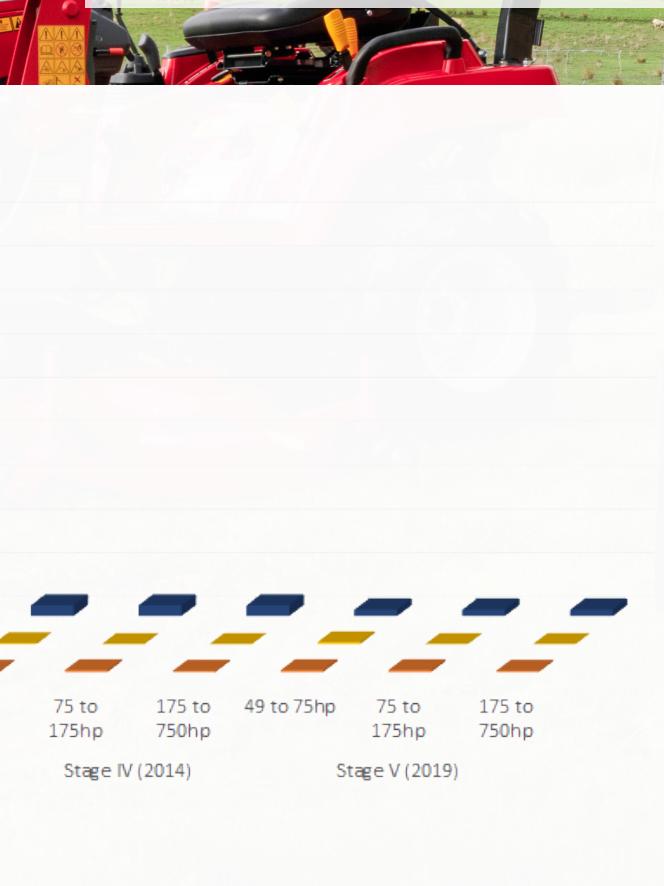

Emission Standards by Engine Stage

Agriculture is a constantly adapting field with constantly changing requirements of machinery to complete the tasks required of businesses such as yours. As a result, using the correct lubricants for your machinery's engine and transmission is paramount to ensure optimal performance, ensure component protection, and reduce the overall operating costs of your investment.

As technology has changed over the past decades with a drive for higher power and lower emissions, the accuracy and production of machinery has been held to exceptionally high standards. As the manufacturer we know the lubricant needs of every machine across our brand family – that's why we recommend AGCO Lubricants for guaranteed performance as they are held to those same high standards to meet the ever-changing emission and power requirements at production.

To differentiate ourselves from other branded oils in the market, our lubricants are only available to the AGCO network and bear the AGCO and subsidiary brands as a mark of approval - you chose the highest standard of tractor so why choose a lesser oil to support it?

INDEX

- 3 Introduction
- 4 Engine Oils
- 6 Multi Application Oils
- 7 Transmission Oils

AGCO HIGH PERFORMANCE 5W-30 CK-4

AGCO High performance SAE 5W-30 has been specifically formulated for AGCO equipment with MAN engines. It guarantees protection for modern diesel particulate filters and catalysts, as well as offering maximum fuel economy. Due to reduced evaporation losses carbon deposits are significantly reduced. The unique formulation ensures performance in a range of temperatures.

Meets: API CJ-4/CK-4, ACEA E6/E9/E11, MAN M 3275-1, CAT ECF-3, CUMMINS CES 20081/20086, DEUTZ DQC IV-10 LA, IVECO 18-1804 CLASSETLS E6, JASO DH-1, DH-2, DL-0, MACK EO-N, MB-APPROVAL 228.52, MB-APPROVAL 228.51, MTU DDC TYPE 3.1, RENAULT RLD-4, SCANIA LDF-4

Description	AGCO Part No.	FENDT Part No.
20L	AP1410020	FV1410020
205L	AP1410205	

AGCO OPTIMUM PLUS 10W-40 CJ-4

AGCO OPTIMUM PLUS is a fully synthetic high performance diesel engine oil. The sophisticated additive technology and fully synthetic base oil technology make this a best in class diesel engine oil for a wide range of applications. Provides increased fuel economy for highly loaded diesel engines. For use in Fendt tractors requiring Deutz DQC IV-10-LA approved oils.

Meets: API CJ-4, ACEA E6/E9/E11, CATERPILLAR ECF-1-a, CUMMINS 20086, DETROIT DIESEL 93K222, JASO DH-2, DEUTZ DQC IV-10-LA, MACK EO-M PLUS / EO-N, MAN M 3271-1 / MAN M 3477, MB-APPROVAL 228.51, MTU DDC TYPE 3.1, RENAULT RXD / RGD / RLD-2, SCANIA LA, VOITH-RETARDER 'B', VOLVO VDS-3 / CNG

AGCO ULTRA PLUS 15W-40 CK-4

AGCO ULTRA PLUS is the very latest specification engine oil designed to meet the latest emission requirements. For use in engines with Diesel Particulate Systems (DPF), Diesel Oxidation Catalyst (DOC), Exhaust Gas Recirculation (EGR) and SCR catalyst or any combination of the above technologies. Designed for Tier 4 and above engines and is also backward compatible.

Meets: API CJ-4/CK-4, ACEA E9/E11, CAT ECF-3, CUMMINS CES 20086, DETROIT DIESEL DDC 93K222, DEUTZ DQC III-10LA, MACK EO-S 4.5, MAN M 3575, MB-228.31, MTU DDC TYPE 2.1, RENAULT RLD-3, VOLVO VDS-4.5, MAN M 3775, ALLISON C-4, MB 228.31

AGCO PREMIUM PLUS 15W-40 CI-4

A super high performance diesel engine oil formulated to cope with a variety of conditions and the harshest environments. For all AGCO Machines Tier 3 and earlier. AGCO Premium Plus provides great protection from corrosion and high continuous stress. AGCO Premium Plus can be used in tractors, trucks, passenger cars and industrial equipment.

Meets: API CI-4/SL, ACEA E7, CAT ECF-1-a/ECF-2, GLOBAL DHD-1, CUMMINS CES 20076, DEUTZ DQC III - 18, MACK EO-N, MAN M 3275-1, MB-APPROVAL 228.3, MTU DDC TYPE-2, RENAULT RLD / RLD-2, VOLVO VDS-3, CUMMINS CES 20077, 20078, ALLISON C-4, CASE MS 1121, CAT TO-2, CUMMINS CES 20071/2, DAF, IVECO 18-1804 CLASSE T2 E7, NH 330 H

205L	AP1110205

Like your tractor and many of the inputs to your business, engines and oil technology have vastly adapted over the past decade to meet the changing requirements of both higher horsepower production and reduced emissions.

As the manufacturer of your equipment, we understand the high level of accuracy required to manufacture both engine and oil on every unit we produce. We proudly display our logo on only the products we deem suitable to achieve optimum performance and longevity of your tractor’s engine.

AGCO V-TRANS PLUS

AGCO V-TRANS PLUS is a super high performance multifunctional low friction transmission/hydraulic oil. Designed and selected by AGCO as the premium choice for your tractor, its superior formulation ensures optimum performance, reliability and longevity of your transmission and hydraulic components. Fully approved for use in Massey Ferguson transmission hydraulics with Dyna-4/6/VT and earlier transmissions. Also for use in Fendt Vario transmissions and can be used as an engine oil in Tier 2 engines.

Meets: Massey Ferguson CMS M 1145, SAE J300: 10W-40, API GL-4, API CG-4, DEUTZ DQC I-02, FENDT KDM 17/2012, ZF TE-ML 06B, 06F, 07B, SAE J306: SAE 80W-90, DIN 51 524-3: HVLP, AFNOR NFE 48603 HV, ALLISON C-4, ACEA E3, CASE MS 1207, 1209, 1210, 1230, CNH MAT 3505, 3509, 3525, 3526, FORD M2C134-D, M2C159 B/C, John Deere JDM J 20 C, New Holland 82009201/2/3, ZF TE-ML 06A, 06C, 06L

AGCO SPECIAL TRANSMISSION OIL

AGCO SPECIAL TRANSMISSION OIL is a Universal Tractor Transmission Oil for use in Valtra and Challenger equipment. For use in transmissions, hydraulics with integrated wet brakes, clutches and construction machinery. It also meets the requirement of a number of tractor manufacturers.

Meets: SAE J300: 10W-30, API GL-4, ZF TE-ML 03E, 05F, 06K, 17E, 21F, Massey Ferguson CMS M 1145, 1143, 1141, 1135, VALTRA G02-08, G2-B10, SAE J306: 75W-80, DIN 51524-3: HVLP, AGCO Q-186 (Whitefarm), ALLISON C-4, CASE MS 1230, 1210, 1209, 1207, 1206, CLAAS / LANDINI / SAME-Transmission, CNH MAT 3525, 3526, 3509, 3506, 3505, 3540, FORD M2C48-C3, ESN M2C86-B/C, FORD M2C134-D, JOHN DEERE JDM J20C, NH 410 B, KUBOTA UDT FLUID

205L	AP2210205	VA2210205

AGCO CENTURY MULTI USE TRANSMISSION OIL

AGCO CENTURY MULTI USE TRANSMISSION OIL is specially formulated for use in pre 2002 farm machinery. Suitable for use in engine, transmissions, hydraulics, wet brakes and axles.

Designed for older equipment pre 2002

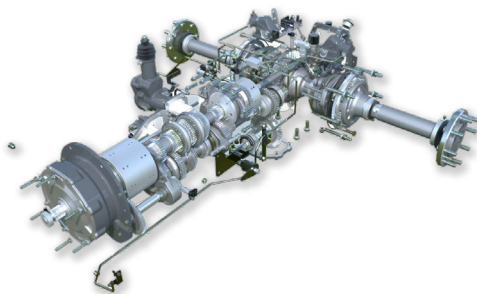

Meets: SAE: 20W-40, API Diesel: CE*, API Petrol: SG, API Gear: GL-4, Massey Ferguson: M1144, M1139, M1135, Ford / New Holland: M2D-159A-B3/C3, M2 86A, John Deere: J27, Case: MS1120, MS1118, MS1103

Description	AGCO Part No.
20L	AP2310020

As the requirements of modern machinery and engines have gotten larger over the past decades, so too has the drivetrain in both stature and complexity. Many of the modern tractors in our marketplace and portfolio are larger in size and twice as capable in both the field and off-road speeds as they were in past decades.

To ensure these modern gearboxes and drivetrains are capable of optimum performance the requirements of both filtration and oil has increased respectively. When looking to ensure the longevity of your investment always look for the AGCO brand as both a sign of suitability as well as an assurance that the components within your tractor will be capable of the highest level of operational longevity possible.

AGCO OPTIMUM TRANSMISSION 50

For use in Challenger tractor reaction arm applications as well as heavy duty transmissions. AGCO OPTIMUM TRANSMISSION 50 is a fully synthetic lubricant that is formulated for extended drain intervals. It is highly stable when exposed to heat, oxidation and shear conditions. Provides exceptional high temperature lubrication as well as providing reduced maintenance and downtime. For use in Challenger tractor reaction arms.

Meets: API MT-1, Eaton PS-164 rev 7, Arvin Meritor O-81, International TMS 6816, MACK TO-A-PLUS, ZF TE-ML 02L

Description	AGCO Part No.
5L	AP8210005

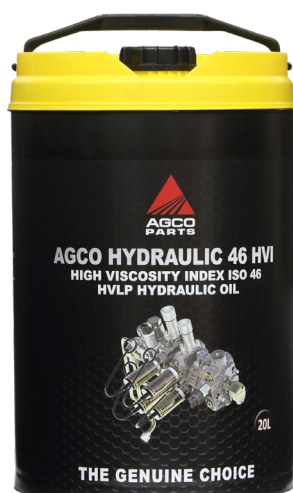

AGCO PREMIUM ATF D3

Semi-synthetic automatic transmission fluid. The excellent thermal stability and superior viscometrics improve transmission life. For use in AGCO machinery applications.

Meets: ATF Dexron® III, Ford MERCON®, Allison C-4, Caterpillar TO-2

Description	AGCO Part No.
5L	AP8110005

AGCO HYDRAULIC 46 HVI

AGCO HYDRAULIC 46 HVI is a high quality ISO 46 hydraulic oil for use in tractors, construction and industrial machinery. It is formulated to resist ageing, oxidation, and stay in grade to hold viscosity and reduce seal leakage. In high pressure hydraulic systems it is critical that viscosity of oils are not diminished with shear losses. AGCO HYDRAULIC 46 HVI contains VI Improvers to ensure this.

Meets: DIN 51 524-3, HVLP, ISO 6743-4, HV, Denison HF0, Bosch Rexroth, Vickers, US Steel, Cincinnati Milacron

Description	AGCO Part No.
20L	AP4110020
205L	AP4110205

AGCO HYDRAULIC 68 HVI

AGCO HYDRAULIC 68 HVI is a high quality ISO 68 hydraulic oil for use in tractors, construction and industrial machinery. It is formulated to resist ageing, oxidation, and stay in grade to hold viscosity and reduce seal leakage. In high pressure hydraulic systems it is critical that viscosity of oils are not diminished with shear losses. AGCO HYDRAULIC 68 HVI contains VI Improvers to ensure this.

Meets: DIN 51 524-3, HVLP, ISO 6743-4, HV, Denison HF0, Bosch Rexroth, Vickers, US Steel, Cincinnati Milacron

Description	AGCO Part No.
20L	AP4210020
205L	AP4210205

AGCO SUPERIOR HYDRAULIC OIL

A synthetic oil designed for combines and equipment requiring a product which stays in grade under the most strenuous harvesting conditions. The shear stable high viscosity index (HVI) and unique additive pack offers a thicker lubricating film and stability at high temperature reducing wear and leakages. The synthetic base and additives guarantee high low temperature performance over competitor oils.

Meets: DIN 51 524-3, HVLP, ISO 6743-4, HV, Denison HF0 - T6H20C: hybrid pump, Vickers 35VQ-25 / V104-C: vane pumps, US Steel 127, 136, Cincinnati Milacron P68, P69, P70

Description	AGCO Part No.
20L	AP4310020

As machinery has grown over the past decades the equipment utilised by these machines has also grown in size. AGCO, as an OEM manufacturer, understand the increased complexity of modern day hydraulic circuits and the need for higher operating pressures to ensure equipment harnessed by the operator preforms at its peak.

As we hold our manufacturing standards of Massey Ferguson, Fendt, Valtra, and the other brands offered by AGCO's hydraulic systems to an exceptional standard, it only makes sense we offer a range of lubricants held to these same standards. These lubricants ensure peak hydraulic performance during key operation to ensure longevity of your unit's hydraulic components reducing downtime and maintenance costs.

AGCO SUPER GEAR LS 80W-90

AGCO SUPER GEAR LS 80W-90 is a super high performance gear oil for all highly stressed normal and limited slip differentials in tractors, cars, trucks, construction and industrial machinery. Can be used where SAE 80W-90 GL-5 is specified for commercial vehicles

Meets: API GL-5 / GL-5 LS, SAE J2360, API MT-1, MACK GO-J, MIL-PRF-2105E, ZF TE-ML-07 / ML-08, MERITOR 0-76D

Description	AGCO Part No.
5L	AP3110005
20L	AP3110020
205L	AP3110205

AGCO SUPER GEAR 85W-140

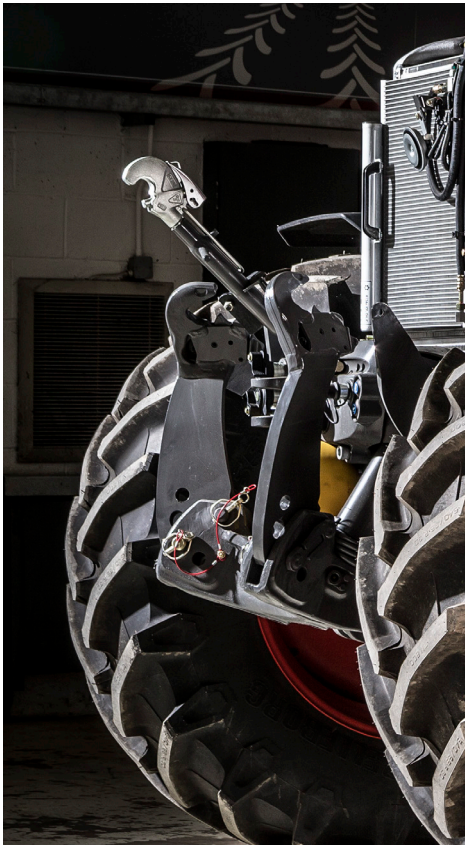

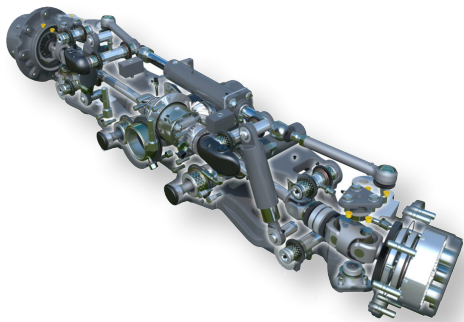

AGCO SUPER GEAR 85W-140 is a super high performance gear oil for extended drain intervals. Formulated to meet the requirements of AGCO machinery and designed to cope under pressure in the heat of the season. Also suitable for a large range of brands including agricultural and construction machinery, as well as light and heavy commercial.

Meets: API GL-4/ GL-5, ZF TE-ML 05A, ZF TE-ML 12E, ZF TE-ML 16D, ZF TE-ML 21A, MIL-L-2105 D

Description	AGCO Part No.
5L	AP3210005
20L	AP3210020

Larger axles, units, and equipment coming into the agricultural industry have meant that axle classes and strengths have had to increase substantially over the past decade. Further to this, higher road speeds have meant greater technology, complexity, and more intricate componentry comprise these axles.

As the manufacturer we, understand the needs of these components and materials used to ensure that they achieve the highest possible working life. As a result we have created our own range of lubricants most suited to ensuring peak operational longevity. The AGCO logo is a sign that your lubricant will not only ensure your axles and brakes preform at their best but they will do so safely.

AGCO PREMIUM LHM

AGCO PREMIUM LHM is for use in brake, hydraulic, power steering and suspension systems. Always check manufacturer’s booklet or seek technical advice. AGCO PREMIUM LHM brake fluid is specially formulated and designed for systems with an oil based mineral based fluid requirement. It is not compatible with traditional based brake fluids. AGCO PREMIUM LHM has base oils that provide protection against wear, corrosion and oxidation.

Meets: ISO 7308, BMW 81 22 9 407 549, CASE, FIAT 9.55597, IVECO 18-1823, MASSEY FERGUSON, NH 610 A, PSA B71 2710, SDGF OF 1611S

Description	AGCO Part No.
1L	AP6110001

TITAN CHF 11S HYDRAULIC CLUTCH OIL

TITAN CHFS 11S is a fully synthetic high performance hydraulic oil for use in various component applications. The exclusive additive technology combination with specifically selected base oils gives optimum performance results in hydraulic systems. For use in Fendt machines.

Meets: FENDT X 902 011 622, CHRYSLER MS-11655B, MAN M 3289, MB-APPROVAL 345.0, PSA S71 2710, ZF TE-ML 02K (ZF000832), VW TL 52 146 (G 002 000)

Description	AGCO Part No.
1L	FU4947001

AGCO OPTIMUM PREMIX COOLANT (50:50)

AGCO OPTIMUM PREMIX is a premium quality, anti-boil/anti-freeze long life coolant. AGCO premixed coolant is based on carboxylate technology and contains no silicates, borates, phosphates, amines, nitrites or nitrates. It provides protection against cavitations, erosion and wet sleeve liner pitting. The 50% mono-ethylene glycol and double inhibitor package ensure ultimate corrosion protection and extended service life. Orange in colour.

Meets: AS 2108.1 : 2004 Type A, MAN 324 Type SNF, AFNOR NFR 15-601, ASTM D3306, D4656, D4985, SAE J 1034, JASO M 324, BS 6580

Description	AGCO Part No.
5L	AP5310005
20L	AP5310020

AGCO ULTRA PREMIX COOLANT (50:50)

AGCO Ultra Premix 50 is a premium quality, advanced Si-OAT, long life anti boil/anti freeze coolant. AGCO Ultra Premix 50 is based on carboxylate technology and contains no 2EHA, borates, phosphates, nitrites, nitrates or amines. Suitable for both automotive and heavy duty diesel engines. AGCO Ultra Premix 50 protects all metals found in cooling systems and gives excellent protection against cavitations erosion and wet-sleeve liner pitting. It significantly increases the operating life of water pumps and exceeds corrosion performance. Fuchsia In colour.

Meets: AS 2108.1 : 2004 Type A, AFNOR NFR 15-601, ASTM D3306, D4656, D4985, SAE J 1034, JASO M 324, BS 6580

Description	AGCO Part No.
5L	AP5410005
20L	AP5410020
205L	AP5410205

AGCO MP PLUS

AGCO MP PLUS is a multi-purpose extreme pressure lithium complex grease designed for wheel bearings and chassis lubrication in farming equipment. Also suitable for other applications. The blue coloured grease is formulated to provide improved oxidation, increased corrosion and wear protection when compared to conventional greases. Suitable for equipment operating under severe conditions and high loads with high shock vibrations.

Meets: Lithium Complex, NLGI-2, Blue Colour

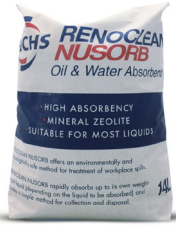

Description	AGCO Part No.
450G	AP7110045
20L	AP7110020

COMPLIMENTARY OILS

Product	AGCO Part No.	Size	Description
RENOLIT GT-PLEX 2	FU50730450	450G	RENOLIT GT-PLEX 2 is a high performance multi-purpose grease. It has been designed for high temperature applications and to stay in place and resist water wash out. RENOLIT GT-PLEX is orange in color for easy identification and will resist squeeze-out whilst also preventing wear and corrosion.
	FU5073020	20KG	
RENOLIT EP 2 AU	FU1957450	450G	Renolit EP2 AU is a multipurpose lithium 12 hydroxy-stearate grease, containing extreme pressure, anti-corrosion and anti-oxidation additives to maximise performance under low to medium temperature applications.
	FU1957020	20KG	
RENOLIT MOREPLEX 2 HV	FU1640045	450G	Provides a tough lubricating film which minimises metal-to-metal contact. Formulated from high quality oils and extreme pressure additives, it is recommended for all applications where a molybdenum disulphide grease is called for. Applications include pins, bushes, bearings, bale pins & trunnions.
	FU1640020	20KG	
RENOLIT EPLITH 00	FU1374020	20KG	A semi-liquid, lithium soap based, extreme pressure grease. It contains EP, corrosion preventive and anti-oxidation additives. Specifications: NLG1 – 00
UNILUBE CHAIN & BAR LUBE	FU4495005	5L	A semi-liquid, lithium soap based, extreme pressure grease. It contains EP, corrosion preventive and anti-oxidation additives.
	FU4495020	20L	

COMPLIMENTARY OILS

Product	AGCO Part No.	Size	Description
	FU5001020	20L	Fast acting for the cleaning and degreasing of all brake parts. Advanced formulation leaves no residue. Quickly dissolves & removes grease, oil, brake fluid, road grime, dirt & contaminants.
	FU50010400	400G	
	FU5002020	20L	Shift Truck Wash is a concentrated, water-based, high performance and non-caustic truck wash. This product effectively removes road grime and dirt from all surfaces including plastic, rubber, chrome, aluminium and paintwork.
	FU5002205	205L	
	FU5003020	20L	SHIFT TYRE SHINE is formulated with silicones providing a consistent and shiny finish when applied correctly to rejuvenate tyres and aging vinyl. It is resistant of water and is very economical to use
	FU1709104	14KG	RENOCLEAN NUSORB offers an environmentally and toxicologically safe method for treatment of workplace spills. RENOCLEAN NUSORB rapidly absorbs up to its own weight in spilt liquid (depending on the liquid to be absorbed) and provides a simple method for collection and disposal.
	FU2419020	20L	RENOCLEAN PARTSWASH is a solvent based degreasing solution developed to dissolve oil and grease residues. This allows easy emulsification and removal of contaminants from soiled components.
	FU32550203	EA	Oil analysis can provide invaluable information about the status of machines and engines. With analyses of used lubricants, you can undertake preventive maintenance, optimize production and lower maintenance costs in a simple and cost-effective way.

MECLUBE 205L WHEELED OIL SET

- Mobile Trolley Kit
- Air-operated 3:1 ratio pump
- R1 hose 1/2" M-F length 3m
- Digital delivery nozzle with two displays
- Please note: 205L drum not included

AGCO Part No.	Description
S.156557	3:1 Mobile Trolley Kit With Digital Gun
S.156556	3:1 Kit With Digital Gun (Less Trolley)
S.156558	3:1 Air Operated 3:1 Pump (Pump Only)
S.156559	Dual Display Digital delivery Gun (Gun Only)

20L OIL PAIL PUMP

- Designed to pump a full range of engine and gear oil
- Flexible outlet
- Suitable for 20L & 25L lubricant drums

AGCO Part No.	Description
S.18912	20L Oil Pail Pump

SUPA MOVER BARREL PUMP

- Fittings 3/4" BSP & 2 1/4" UNF
- 9 strokes/gallon (4.5 litres)
- For drums up to 205 Litre capacity
- Suitable for oils, paraffin, anti freeze

AGCO Part No.	Description
S.6396	Lever Drum Pump With 0.8m Hose

ROTARY BARREL PUMP - DIESEL, OIL, PETROL

- Cast alloy construction
- 12 rotations/gallon (4.5 litres)
- Suitable for 50L to 205L barrels
- Suitable for petrol, diesel, & oils (max SAE 90)

AGCO Part No.	Description
S.14486	Rotary Drum Pump With 1m Hose

ROTARY DRUM PUMP - DIESEL, OIL, PETROL

- Glass Polypropylene construction
- 12 rotations/gallon (4.5 litres)
- Ryton Rotor
- Suitable for petrol, diesel, & oils

AGCO Part No.	Description
S.151796	Rotary Drum Pump

LEVER ACTION PLASTIC DEF/ADBLUE PUMP

- Suitable for 50-205L drums
- 2 metres flexible hose
- 500ml / stroke

AGCO Part No.	Description
S.25457	Lever Action Plastic DEF/Adblue Pump

PLASTIC WORKSHOP FUNNELS

- High density polyethylene construction for extra strength

AGCO Part No.	Description
S.6390	280 x 190mm Funnel With Gauze Filter
S.30157	Ø: 250mm Funnel Without Gauze Filter
S.30156	Ø: 200mm Funnel Without Gauze Filter
S.5740	Ø: 152mm Funnel With Gauze Filter
S.5594	Replacement Gauze Filter

LEVER ACTION GREASE GUN

- Complete with a rigid outlet & 4 jaw coupler
- Fitted standard with air valve & bulk filler
- Develops up to 6,000 PSI

AGCO Part No.	Description
S.151776	Lever Action Grease Gun - 450g

PISTOL GRIP GREASE GUN

- Complete with a 300mm flexible outlet & 4 jaw coupler
- 600gm fill or 450g tubes
- Develops up to 7,000 PSI

AGCO Part No.	Description
S.25460	Pistol Grip Grease Gun - 450g

AIR OPERATED PISTOL GRIP GREASE GUN

- Complete with a 300mm flexible outlet & 4 jaw couple
- 600gm fill or 450g tubes
- Develops up to 4,800 PSI

AGCO Part No.	Description
S.151783	Air Operated Pistol Grip Grease Gun - 450g

18V LITHIUM-ION CORDLESS GREASE GUN

- Battery operated
- Supplied with 760mm high pressure hose
- Develop grease pressures up to 6,000PSI

AGCO Part No.	Description
S.151784	18V Lithium-ion Cordless Grease Gun - 450g

GREASE GUN MOUNTS

- Steel construction with multiple fastening points
- Suitable for barrels of Ø63.5mm
- Suits guns that accept 450g cartridge

AGCO Part No.	Description
S.25462	Grease Gun Mount 63.5mm

GREASE GUN COUPLER

- 1/8" BSP - 3 Jaw
- Hexagonal nut/spanner slot for easy tightening
- Easy on and off long life coupler

Part No.	Description
S.3895	1/8" BSP - 3 Jaw Coupler
S.3263	1/8" BSP - 4 Jaw Coupler

Part No.	Description
S.3931	M10 x 1 - 3 Jaw Coupler
S.12766	M10 x 1 - 4 Jaw Coupler

FLEXIBLE GREASE GUN EXTENSION TUBES

- Quality construction
- Suitable for hand or air operated equipment

Part No.	Description
S.11238	1/8" BSP - 30cm Extension
S.11239	1/8" BSP - 50cm Extension

Part No.	Description
S.18349	M10 - 50cm Extension

TRIGGER ACTIVATED LOCK-ON GREASE COUPLER

- Easy attachment and removal

- High quality construction & trigger

Part No.	Description
S.128973	1/8" BSP Coupler

Part No.	Description
S.128974	M10 Coupler

QUICK CLIP GREASE COUPLER

- Easy attachment and removal

- High quality construction

Part No.	Description
S.115193	1/8" BSP Coupler

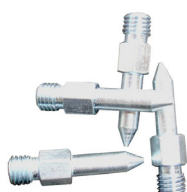

Part No.	Description
S.115149	M10 Coupler

GREASE GUN LED LIGHT

- Low profile lighting for grease tube attachment

AGCO Part No.	Description
S.151785	Grease Gun LED Light

NEEDLE NOSE DISPENSER

- Suitable for greasing sealed bearings and other hard to reach areas

AGCO Part No.	Description
S.24897	Grease Injector Needle
