

AGCO PARTS ENGINE OIL 15W-40

High performance diesel engine oil

AGCO PARTS ENGINE OIL 15W-40 is a high performance, dedicated heavy duty engine lubricant designed for use in modern diesel engines equipped with turbochargers. The oil has been developed for the operation of machinery in extremely severe conditions.

Performance, Features & Benefits

• Greater Protection and Higher Temperatures

With increasing power, modern engines have to work harder for longer, resulting in increased heat and stress on the engine oil. AGCO PARTS ENGINE OIL 15W-40 can provide increased resistance to thermal breakdown, ensuring continued protection throughout its entire service life.

• Longer oil life

With its exclusive formulation, the AGCO PARTS ENGINE OIL 15W-40 can fight the combined effects of combustion acids and increased heat for longer than many competitor oils. This performance reserve ensures the oil continues to protect against wear and corrosion.

• High temperature stability

AGCO PARTS ENGINE OIL 15W-40 meets a wide range of engine manufacturer requirements, confirming AGCO PARTS ENGINE OIL 15W-40 as an ideal choice for mixed fleet diesel engine applications.

Main Applications

• Agricultural machinery

AGCO PARTS ENGINE OIL 15W-40 is suitable for most heavy-duty diesel engines, non-turbocharged and turbocharged alike, for on and off highway vehicles common in agriculture.

Specifications, Approvals & Recommendations

- API CI-4, CH-4, CG-4, CF-4, CF
- ACEA E7, E5, E3

For a full listing of equipment approvals and recommendations, please consult your local representative.

Typical Physical Characteristics

Properties			Method	AGCO PARTS ENGINE OIL 15W-40
Kinematic Viscosity	@40°C	mm ² /s	ASTM D445	109
Kinematic Viscosity	@100°C	mm ² /s	ASTM D445	14.7
Viscosity Index			ASTM D2270	139
Density	@15°C	kg/m ³	ASTM D4052	888
Sulphated Ash		%	ASTM D874	1.45
Total Base Number		mg KOH/g	ASTM D2896	10.5
Flash Point (COC)		°C	ASTM D92	230
Pour Point		°C	ASTM D97	-36

These characteristics are typical of current production.

Health, Safety & Environment

• Health and Safety

AGCO PARTS ENGINE OIL 15W-40 is unlikely to present any significant health or safety hazard when properly used in the recommended application and good standards of personal hygiene are maintained.

Avoid contact with skin. Use impervious gloves with used oil. After skin contact, wash immediately with soap and water.

Guidance on Health and Safety is available on the appropriate Material Safety Data Sheet, which can be obtained from your AGCO representative.

- **Protect the Environment**

Take used oil to an authorised collection point. Do not discharge into drains, soil or water.

Additional Information

- **Advice**

Advice on applications not covered here may be obtained from your AGCO representative.
